BAR COUNTER

PRO Stainless Designs specialise in the manufacture of quality stainless steel equipment for the Hospitality industry. Drawing from a wealth of experience, we take time, care and attention that all factors are taken into consideration when designing the optimal layout for your bar. From curved or hexagonal to straight bars, we take pride in being able to complete your projects on time, every time, nationwide. Our under counter workstations are ergonomically designed to really make the most of your bar.

At PRO Stainless we welcome the challenges put to us by all our valued customers, including top designers and architects. Our mission is to translate your ideas and creations into high quality products, which may involve the use of wood, stone, glass, plastics and other metals, as well as stainless steel. By project managing your ideas and coordinating them with other craftsmen, we aim to provide products and solutions of surpassing quality.

Some recent projects:
Projects include ENO Wines, Monkstown, Dublin; Wagamama, Jervis Centre, Dublin; Newtown Inns Bar & Restaurant, Maynooth, Co. Kildare; Bank of Ireland, Eyre Square, Galway; Dept. of Marine, Oranmore, Co. Galway.
